

A moderate caustic liquid detergent for steam and pressure cleaning. Completely soluble in water in all proportions. This special formulation resists hard water scale build up.

Where To Use

Tractor trailer cleaning	Concrete floors cleaning	Degreasing
Food Processing Plants	Heavy equipment	Dump trucks

Dilution

General cleaning – 1/60
Soaking cleaning – 1/10

Directions

For general purpose cleaning we suggest a starting point of 1/60. This may be revised up or down as soil load dictates. For steam cleaning, we suggest a dilution of 1 part of Tornado to 10 parts of water in soap tank. Adjust intake to give desired results. For soak cleaning, dilutions of up to 1/10 are suggested depending on soil load. Tornado will be the product of choice where the soil load is such that a lightly caustic cleaning is necessary. Full applications include the cleaning of food processing equipment, concrete floors, construction equipment, chemical resistant surfaces, etc. Do Not apply aluminum or magnesium. Hot water is always best for cleaning.

Technical Specifications

COLOR: Transparent Green	VISCOSITY: Water Thin
FORM: Liquid	STORAGE(Unopened):...1 Year @R.T.
SCENT: Odorless	BIODEGRADABLE: ...Yes
pH: 14.0	WEIGHT/GAL:9.0 lbs.
FLASH POINT: . None	SHIPPING CLASS:8, Packing Gr III
FOAM: Medium	PACKAGING:5 gal, 55 gal
TYPE: Caustic HD Cleaner	USDA: A - 1
