

Flash

Hand Car Wash Detergent

Automobile

Description

This is a high foaming product that has been uniquely formulated for hand washing cars, trucks, buses, and other vehicles. Flash is a modern combination of synthetic detergents and emulsifiers, which provides effective cleaning to all vehicle surfaces. This product will quickly remove dirt and greasy soils for surfaces without damaging or dulling any finishes. This superior automobile wash has a neutral pH and contains no acids, abrasives, or strong alkalis that might cause damage and will not contaminate streams, water supplies, or septic tanks after rinsing. This product will safely and completely perform all vehicle-cleaning jobs.

Directions for Use

This product is highly concentrated and can be diluted as low as 2 ounce per gallon of water depending of severity of soiling of automobile surfaces. To clean greasy buildups, use 6 to 8 ounces of product per gallon of water. Interior cleaning of cars, trucks, or buses is effortless at 2 to 3 ounces per gallon of hot or cold water. Consult your sales representative of use in automatic systems.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- High foaming for effective cleaning
- Quickly removes grease and dirt
- 100% biodegradable
