

TILE & GROUT RESTORER

DESCRIPTION

Tile and Grout Restorer is a concentrated blend of mild acids, chelating and wetting agents. It is formulated as a non-etching cleaner and degreaser for glazed and unglazed ceramic tile, porcelain tile, Saltillo and quarry tile as well as sanded and unsanded grouts. This product will clean away built up soil, mineral deposits, hard water spots and soap scum and will help whiten and brighten stained and discolored grout.

INSTRUCTIONS

1. Tile and Grout Restorer can be diluted with up to 3 parts of water depending on surface condition (amount of the soil). Always pretest a small area to determine dilution ratio and procedure and let it dry completely before your evaluation.
2. Apply by brush, mop or sprayer. Be sure to thoroughly wet the surface.
3. Allow to dwell 10-15 minutes. Agitate the surface by scrubbing for best results. Badly soiled surfaces may need a second application.
4. Rinse thoroughly with water and recover the dirty solution.

SPECIFICATIONS

Appearance: Light blue Solution
Odor: Mild Odor

pH (of 1% Dilution): 1.5-2.0
Biodegradability: Yes
